Name: _____ Date: _____

We are learning to reason about numbers and place value.

How many different numbers can you make using 4 counters and the place value grid? Or you could draw the grid in your book.

Try to be systematic and remember zero needs to save a space if there are no tens

Hundreds	Tens	Ones	The number is…
			4
			13

Hundreds	Tens	Ones	The number is…

Hundreds	Tens	Ones	The number is…
