My Diary,

I got dressed and went downstairs. I packed my bag, zipped-up my coat and tied my shoes.

I remembered to lock the door and bolt the gate to keep my cave safe. I was lucky to be early when I set off to school.

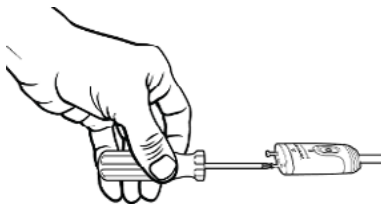

At the end of the first lesson my work was finished. Green Froggy was amazed. I had carefully drawn lots of pictures. She said it was very tidy.

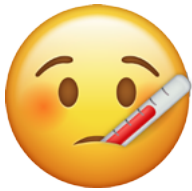

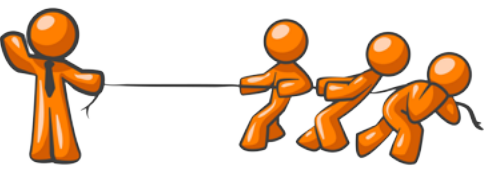

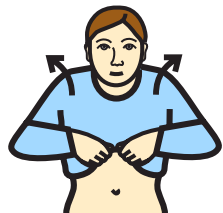

I was fortunate to go out and play early because I had been so helpful when it was tidy-up time.
