

Wednesday 3rd February

Phonics

L.O To blend words with 'ai'

Read your 'ai' flashcards from Monday's lesson.

Cut up the word cards below or make your own. Make the sentences on the phonics weekly plan.

They	went	again	to	get	wood.
------	------	-------	----	-----	-------

They	waited	in	the	rain.
------	--------	----	-----	-------

She	left	with	her	tail
between	her	legs.		

Make a flashcard just like the one below or you could print this one off. You will be making words with 'ai'. You could use squashy letters, magnetic letters, write on post-it notes or cut out the letters below.

- 🎲 Roll the die.
- 🎲 Find the letters for the beginning of the word and place them on your flashcard.
- 🎲 Spin the spinner to find the ending. Place this letter on your flashcard
- 🎲 Does your word make sense? Is it a real word or an alien word? Write it in the correct column on the table.

You could use sticky labels to adapt your own die (or the one from last week) or print out the one below.

tr	l	n
r	s	m

t	p	w
r	d	l

ai

Draw a table in your book or complete this one, recording your real and alien words.

 Real ai words	Alien words 

Can you make all the 'ai' words we've been learning this week? Maybe you can write the ai digraph in red like Angry Red
A e.g train

Cut out and form the die and the spinner to play the game with a partner or you could adapt your own die with sticky labels.
