

Friday 5<sup>th</sup> February  
Understanding the World  
Under the Sea Creatures

Watch the video below about Under sea creatures.

<https://www.youtube.com/watch?v=Fn4bQl6yiTk>

Once you have watched it, create your favourite under sea creature. You can use anything you like, for example, paint a picture, recycled materials, draw it using a drawing app on a tablet or collage using cuttings from magazines or newspapers.

We would like you to share your creations with us next week during your first story session of the week with your teacher.
