## Expressive Arts and Design/ Understanding the World

### 'Pebble Pets'

This week we are learning about Pets.

We would like you to find a pebble and paint/decorate it to look like your ideal pet.

Think carefully about what type of animal would make a good pet, its colours and patterns.

Once you have made your pet, we would like you to make a habitat in a box for your pebble pet to live in.

For this you will need to think about the following:

- 🐝 Where would your pet like to sleep?
- 🐝 What does your pet eat?
- 🐝 What other needs might it have? E.g. how does it exercise? Does it need anything to play with? How will it keep warm?
- 🐝 We would love for you to share your pebble pets with us at your class ZOOM after half term.
