

## Teddy Words

This week our new 'teddy words' are 'so' and 'have'. Adults, please write these onto the new teddy for the summer term in your child's green book. Thank you.

Here are a couple of activities to help with recognising and spelling these words:

1. The 'look, cover, write' strategy.

Start with writing the word at the top of piece of paper/in your exercise book. Write it 3 times by copying it, then cover it over so you can't see it. Try writing the word again without looking.

2. Word hunt in your favourite book.

Find one of your favourite story or information books from your collection at home. Can you find our new teddy words in the text?
