

Counting in sets

Can you write the number sentences for these sets? Use the greater than and less than symbols to show which is bigger ($>$ $<$). To help you remember the symbols here is a link to the Gator song <https://www.youtube.com/watch?v=M6Efu2slaI> The first one has been done for you, use it to help you complete the rest.

$5 + 5 + 5 + 5 + 5 =$

$>$

$2 + 2 + 2 + 2 =$

\square
