

**Thursday 23<sup>rd</sup> April 2020**

Today we would like you to write some instructions. (We also call these commands). You can choose any topic you like. It might be instructions for a game to play, cooking a meal or making a drink, like a smoothie.

Your instructions should have a title: '**How to...**'

Each instruction should be numbered and should begin with a 'bossy verb'. (This is called the 'imperative tense').

e.g. 1. **Wash your hands.**

Make sure your instructions are clear, as short as possible, and to the point.

You might like to draw a little picture next to the instructions to show exactly what you mean.
