

## Phonics

L.o- To read 2 syllable words and match to the correct picture.

We have been looking at syllables in phonics this week. All of these words are made up of 2 syllables. Read the words and match to the correct picture. You can draw a line to match or you could cut the words and pictures out and stick them in the matching pairs in your book or onto paper.

To help blend the sounds in the longer words, focus on the first syllable and then the second before putting them together. Remember to draw sound buttons if that helps. Look out for digraphs.

laptop

chicken

rocket

shampoo

windmill

scooter

toilet

zebra
