In spelling, we are learning how to add 'ed' to verbs in order to change them into the past tense, e.g.

For each of the verbs in the table below, decide whether you can or cannot add 'ed'. Then, for the ones that you can, write a sentence, e.g. *I walked to the park.*

For the verbs that you can't change to the past tense by adding 'ed', can you write down how you would change those to the past tense? e.g. drink = drank
