

Arrays hunt

Have a look around your home can you find any arrays? How many rows and columns are in each? Write a number sentence for the ones you find in your Maths book. Here are some examples.

3 rows and 4 columns

$$4 + 4 + 4 = 12$$

$$3 + 3 + 3 + 3 = 12$$

6 rows and 4 columns

$$4 + 4 + 4 + 4 + 4 + 4 = 24$$

$$6 + 6 + 6 + 6 = 24$$

3 rows and 2 columns

$$2 + 2 + 2 =$$

$$3 + 3 =$$
