

MULTIPLYING THREE NUMBERS

Today we return to learning about multiplication (or times by, or groups of, or lots of) they mean the same thing and the symbol we use is **X**

Below there are three choices of calculations for you to pick from. Remember to challenge yourself. You could even choose some from each if you like.

Use your Times table knowledge to help you calculate.

If you are not sure of your two, five and ten times tables yet, then you can practise them using **Hit the button** or **Education City**.

Let me show you how I would solve a calculation like this.

<https://youtu.be/7-rdcOG8zns>

$1 \times 2 \times 2 =$

$2 \times 2 \times 2 =$

$3 \times 1 \times 2 =$

$2 \times 5 \times 2 =$

$1 \times 2 \times 5 =$

$10 \times 1 \times 2 =$

$10 \times 2 \times 2 =$

$1 \times 5 \times 10 =$

$2 \times 2 \times 2 =$

$6 \times 2 \times 2 =$

$3 \times 1 \times 2 =$

$2 \times 5 \times 2 =$

$5 \times 2 \times 3 =$

$3 \times 1 \times 3 =$

$10 \times 2 \times 2 =$

$1 \times 3 \times 5 =$

$4 \times 2 \times 2 =$

$6 \times 2 \times 2 =$

$3 \times 10 \times 2 =$

$2 \times 20 \times 2 =$

$5 \times 2 \times 3 =$

$3 \times 10 \times 3 =$

$10 \times 2 \times 2 =$

$1 \times 30 \times 2 =$
