SPELLINGS

Today we are starting to give out spellings again.

You can learn them over a few days and then get an adult to see how many you can spell. If you want to email us your score, you can.

This week's focus is words ending in 'ed'.

These are the words we'd like you to learn but you could see how many other verbs you can think of that would end in 'ed' when they are in the past tense.

turned	talked
burned	skipped
asked	hugged
played	pulled
walked	pushed

You can practise your words using the 'look, say, cover, write, check' strategy or you can rainbow write them in different colours.

Can you find your spellings words in the word search?
