

To use a range of materials creatively to design and make products

Create a piece of art based on Indian Art using collage pieces (beads, buttons, wool). Take a photograph and email to your class teacher.

Understand where food comes from

Use the basic principles of a healthy and varied diet to prepare dishes.

Indian food - find a recipe for a vegetable curry. Find out where the veg comes from. Write out the recipe and make the dish with help. Photograph your creation.

Use world maps, atlases and globes to identify the UK and its countries, as well as the countries, continents and oceans studied at this key stage.

Find India on a map. Name the capital city, surrounding countries and ocean. Know that it is part of Asia and is in the Northern hemisphere. Discuss how far away it is and how you could get there.

Understand geographical similarities and differences through studying the human and physical geography of a small area of the UK, and of a small area in a contrasting non-European country - India

Identify seasonal and daily weather patterns

Use BBC weather to keep a weather diary for a week, comparing the UK with Chembakolli in India.

Chembakolli						
Day	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Temperature						
Rainfall						
Clouds						
Wind						
Humidity						
Other						

Record the highest temperature each day, any rainfall, and compare.

Which country is hottest? The UK or India? Why do you think this is?

Draw a picture of yourself and a friend dressed appropriately for the weather in India.

Other activities to try...

What does the Indian flag look like? Can you colour or paint an Indian flag or make one using collage technique?

What traditional clothes do Indian people wear? Can you draw yourself dressed in Indian clothes?

Find out about an Indian festival.
