

Teddy Words

This week our new teddy words are '**going**' and '**then**'. Adults, please write these onto your child's Summer Term teddy in their books.

To help spell these words correctly in our writing, today we are going to use the 'look, cover, write, check' strategy. For each word, spend some time looking at the word. Cover it over with some paper and write the word without looking. Check once you have done this. Repeat 3 times, covering the original word and your previous attempts.

going

then

going	then
