WRITING - Commands

PLEASE EMAIL THIS LEARNING TO YOUR CLASS TEACHER.

Today we would like you to write a list of commands, telling someone how to look after a pet rabbit.

Think about all the things a rabbit needs in order to stay healthy and survive.

Your commands should have a title: '**How to look after a pet rabbit**'.

You should number your commands and use bossy verbs,

e.g. 1. Get your rabbit a hutch and make a bed in one corner using hay.

You could draw some pictures to show your reader exactly what you mean.

You can write your commands or type them into 'Word' on a computer.
