

Summer 2

Task 2

Listen to the story of; How the Leopard got his spots by Rudyard Kipling.

In your English book we would like you to invent and write a different ending for how the leopard got his spots. Maybe he got stung by lots of bees, or he was sprayed by paint, had mud thrown at him or lay down on a spotty plant. Be as creative and imaginative as you can.

There was once a time, long, long ago when leopards and giraffes and zebras were all the same sandy colour. This made it very confusing and leopard could catch the zebra and giraffe easily. Zebra and giraffe found a forest to hide in and over time the shadows from the forest trees and bushes created patterns on the skins of zebra and giraffe so that they became camouflaged and leopard could no longer spot them.....

Carry your story on from here.
