2D and 3D shapes

This week we are learning about 2D and 3D shapes. Look at the shapes below, can you remember their names? Use the word list to help you. You could write the name next to the shape. Which shapes are 2D or 3D shapes?

square

triangle

cube

cylinder

pyramid

circle

sphere

cuboid

Look at these shapes, can you name them? Are any of these shapes the same?

Are all these presents the same shape? How do you know?
