

English – Task 2

Imagine you are on holiday in India. What would you see, smell, hear, taste, touch?

Write a postcard home to your family or best friend telling them all about India - where you've been, what you've done and what it was like.

Remember you don't have much space on a postcard so keep sentences short and include as much detail as possible.

On the other side you can draw a picture of somewhere you've been in India.
