

Name: _____

11.11.2020

We are learning to recognise notes

1 Match each group of notes to the correct amount.

One 20 pound note

Four 10 pound notes

Two 10 pound notes

Two 5 pound notes

2 Joe has three 10 pound notes, one 20 pound note and two 50 pound notes. Which note is missing?

A _____ note is missing.

3 How many of each note are there?

- a) There are 5 pound notes.
- b) There are 10 pound notes.
- c) There are 20 pound notes.
- d) There are 50 pound notes.

4 Use $<$, $>$ or $=$ to complete the sentences.

a)  10 pounds

b) 50 pounds 

c)  

5 Charlie thinks these notes are in order from greatest value to least value.

Explain why he is not correct.

Reflect

Circle all the real notes.

Tell your partner which notes are not real.

Challenge 2

Teddy is given one ten pound note for Christmas.
Eva is given two five pound notes.

Teddy

I got more than you did because my number is bigger.

I got more than you did because I got two notes.

Eva

Who is correct? Explain your reasoning.
