

Floating Dinosaur Rescue

STEM Activity

Method

1. Half fill the bucket with water and add the dinosaur to the bucket so that it floats on top of the water.
2. Challenge the children to get the dinosaur to the top of the bucket without using their hands.
3. Encourage the children to add stones to the bucket and observe how the water level is affected.

You will need:

Small children's bucket
Plastic toy dinosaur that floats
Stones or pebbles
Water
