

Maths

Friday 18th December

Look at the pictures below:

CHALLENGE What do you think Alex did **before** this?

I clean my teeth before bed.

What happens after bath time?

Discuss the question 'What do you think Alex did before this?'

Today we are focussing on the use of the language 'before' and 'after'.

What is happening in the picture?

What do you do before you go to bed?

What does Alex do before he goes to bed?

To deepen your child's understanding, prompt them by asking:

Do you clean your teeth before or after eating breakfast? Why?

Do you have a story before or after your bath?

Do you have a story before or after you get into bed?
