

## Geography – 6/7<sup>th</sup> January 2021

### Owls and Badgers

Take a look at this video. A teacher from another school goes out on a walk and discusses how to draw a map of your own area or settlement. He talks about human and physical features, we learnt about these before Christmas.

On your next walk around your neighbourhood turn your eyes to geography mode and notice those features and draw a map.

We would love to see your maps so send them to us if you can.
