Expressive Arts and Design

Art

This week we have been finding out about Rainforest Animals.

Create a picture of your favourite rainforest animal. It could be one you found out about from the PowerPoint or another rainforest animal you like.

You can create your picture in lots of different ways, for example:

- Paint- poster or water colour
 - Collage
 - Drawing/sketching
- Loose parts- using lots of small, or large objects and putting them together to form a picture

We would love to see your creations! Please upload a photo onto tapestry. We hope to use these to create a display when we return to school
