

Monday 11th January

Maths

Warm up - Sing '10 Green Bottles', counting back from 10.

<https://www.youtube.com/watch?v=rPCzwqbFAn0>

- 🐝 Can you remember how to count on?
- 🐝 Which number do you start with?
- 🐝 What could help you count accurately?
[line up the pieces practically, point to them on the screen or page]
- 🐝 How can you check that you've counted correctly? [use a 5 or 10 frame]

- 🐝 Count different sets of 6, 7 or 8 objects by lining them up and counting accurately.
- 🐝 Sing along with the numbers song.

Counting to 6, 7 and 8

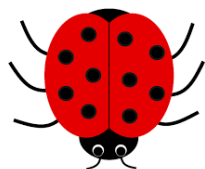

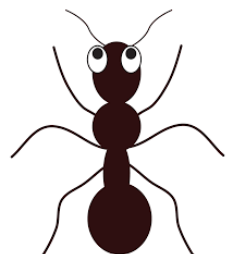

How many  are there?

Cut out the pictures. Count the legs and sort the pictures into groups.

2 legs	4 legs	6 legs	8 legs

-  Can you think of an animal with 3, 5 or 7 legs?
-  Which animals have 4 legs?
-  How many legs does a spider have?
-  Which creature has more legs, a spider or an ant? How do you know?
-  Which is the odd one out? Why do you think this?
