Newsletter - Summer Term 2020

Dear Parents,

As you are aware, Schools are still closed. We miss you and hope you are all keeping well and safe. It was lovely to talk to you and the children when I telephoned last week. For those of you who received a voice mail, I will try to contact you again next week.

A rainbow over the school

Home Learning

We will continue to upload one English and one Maths worksheet or task each day. The teachers have also produced some topic web ideas for you to work through at home if you feel you can. Each family will have their own way of organising their schedule and we understand that some days are easier than others. Most importantly, please do not get anxious about completing the tasks. The idea is to support your child's learning without it being a chore and the most important thing is that you are staying safe and happy.

Teachers are available to answer your questions about the home learning through the class emails between 9.30am and 11.30am each day. The email addresses for this period are on the website.

I have published a video story which is available on the website and teachers will produce some video stories and messages for the children during this half term.

I receive regular updates about educational support from educational companies and the Dept for Education. I do not want to bombard you but give you a couple of links that we find helpful:

Twinkl - www.twinkl.co.uk. We use this at school and the company are allowing parents to use this as a free resource during school closure. There are some lovely activities on this site.

The Dept for Education have published this - [a list of online educational resources](#)
The teachers have started writing your child's Achievement Report and once I have read and signed them, we will then send to you via your email address. We will send once they have all been completed. The teachers normally write these during the second half of the summer term but because of the circumstances, we are starting earlier.

Key Worker Facility

Over the past four weeks we have been running a child care facility for children of key workers and I would like to thank the whole staff team for their support during the sessions. We have organised a rota and all staff are part of this. **At this moment in time, it is still safer for your child to be at home with you.** We will continue supporting our families with key workers. Please follow our social distancing practice when dropping off and collecting your child, Thank you.

We are missing you all and hope that we
can return to school in the
not too distant future.

Norma Penny
Headteacher
